ACE: An Introduction

Ely and Caerau

Ely and Caerau (two ward areas in the west of Cardiff) together constitute the largest housing estate in Wales with a population of approximately 26,000. Built after the first and second world wars respectively, Ely and Caerau provided social housing and secure employment with local manufacturing companies. Between the early 70s and mid 90s all these employers closed or relocated their local functions. The legacy of this collapse of local employment is a community characterised by high unemployment and in-work poverty related to 'underemployment' in insecure, part time, low paid, city centre based service sector jobs. As a result, people in Ely and Caerau struggle with a range of problems related to poverty including:

- high levels of income-related benefits
- poor educational attainment
- poor health and life expectancy (4 years less than the Cardiff average)
- high levels of mental health problems

Ely and Caerau both feature in the top 10% of the Welsh Index of Multiple Deprivation.

In 1991 Ely was the focus of disturbances which were reported in the national news as a 'riot'. This, along with the general reputation of the area, has contributed to a sense of stigma. There is a tendency, amongst decision makers, to see the community as one with multiple problems that need fixing, and a related sense of dependency.

Despite all this, Ely and Caerau exhibit many of the characteristics which might be called upon to contribute to community resilience, including: significant community spirit and pride, strong social networks and a willingness to 'get involved' in local action.

Mission

ACE – Action in Caerau and Ely is a community organisation located in West Cardiff. We have over 1000 local members, many of whom are active contributors to local community development and regeneration efforts. Over half our staff team live in Ely and Caerau. We base our work on the following principles:

- Local people know their community best
- Everyone has something unique to contribute
- Everyone's contribution should be valued equally
- Poverty should not be accepted as a fact of life
- Social injustice should be challenged and changed

These commitments lead us to take an approach influenced by theories of 'co-production' and asset based community development. This means we work with local people as full participants in the design and delivery of services and activities. We experience and treat our community not primarily as a problem needing solving but as a vibrant network of communities that has many assets and opportunities that have been undervalued and ignored – these include skills, knowledge, experience, social networks, good will, buildings, land, resources, culture and heritage. ACE has a high profile and strong reputation in Cardiff and further afield for developing these resources to serve a holistic approach to community regeneration, to create community resilience and to tackle poverty. We are increasingly called upon to support the development of similar initiatives in other areas of the city.

Vision

In this context ACE seeks to meet the need for:

- A local organisation that can co-ordinate, harness and promote a positive vision for our community
- An organisation that can co-ordinate and facilitate a range of responses towards this vision and can mobilise local people to participation and action
- A holistic approach to tackling a range of elements related to poverty that cuts across themes/silos (food poverty, fuel poverty, unemployment, underemployment, low educational attainment, poor physical and mental health etc)
- A clear and collaborative approach to developing a more resilient community

ACE works with communities to achieve lasting positive change for an equal and just Cardiff. We believe everyone has something unique to contribute.
