ACE: An Introduction

Mission

ACE – Action in Caerau and Ely is a community organisation located in West Cardiff. We have over 1000 local members, many of whom are active contributors to local community development and regeneration efforts. Over half our staff team live in Ely and Caerau. We base our work on the following principles:

- Local people know their community best
- Everyone has something unique to contribute
- Everyone's contribution should be valued equally
- Poverty should not be accepted as a fact of life
- Social injustice should be challenged and changed

These commitments lead us to take an approach influenced by theories of 'co-production' and asset based community development. This means we work with local people as full participants in the design and delivery of services and activities. We experience and treat our community not primarily as a problem needing solving but as a vibrant network of communities that has many assets and opportunities that have been undervalued and ignored – these include skills, knowledge, experience, social networks, good will, buildings, land, resources, culture and heritage. ACE has a high profile and strong reputation in Cardiff and further afield for developing these resources to serve a holistic approach to community regeneration, to create community resilience and to tackle poverty. We are increasingly called upon to support the development of similar initiatives in other areas of the city.

Vision

In this context ACE seeks to meet the need for:

- A local organisation that can coordinate, harness and promote a positive vision for our community
- An organisation that can coordinate and facilitate a range of responses towards this vision and can mobilise local people to participation and action
- A holistic approach to tackling a range of elements related to poverty that cuts across themes/silos (food poverty, fuel poverty, unemployment, underemployment, low educational attainment, poor physical and mental health etc)
- A clear and collaborative approach to developing a more resilient community

ACE works with communities to achieve lasting positive change for an equal and just Cardiff. We believe everyone has something unique to contribute.
