Taela-mae Davies - Volunteer Development Officer

I just wanted to send a message out to all of ACE's wonderful and committed volunteers to introduce myself to those who do not know me, and say hello to those who do. My name is Taela and for the past 11 plus years I have worked for, or with ACE in one role or another.

I absolutely love working for ACE and my favourite part has always been working alongside the volunteers and making connections with those who make this place so wonderful for their community. So, at the end of last year, I decided it would be an exciting opportunity to move into the Volunteer Development Officer role.

I can not tell you all how excited I am to get to work alongside all of you. I would also like to express how thankful we are at ACE for all of the time and energy you gave your community last year. From: those who gave countless hours, through to those who supported an ACE event etc, your time benefitted so many people (including me) and we are very grateful!

As long as you're over the age of 16 and have a passion for helping people, we'd love to hear from you.
